# 2022 National Climate Essay Student Competition

## Saturday, May 28, 2022, Entry Submission Deadline

### Official Student Registration Form

U.S. high school students, *you are invited to enter the 2022 National Climate Essay Student Competition*. Student climate essay winning entries will receive publication for media distribution and monetary awards from Books Motivate Foundation sponsors. Submit a written essay (750-1000 words) on the topic below:

*What is an example of an important climate science concern in your home state? Why is this example important? How effective have scientists, policymakers, and community members been in addressing this concern? What more needs to be done, and by whom? Working with those concerned, how can you make a difference now, and possibly in the future?*

Winning literary essay submissions will be selected by a panel of experts for creativity, persuasion, word choice, facts, statistics, expert opinions, grammar, punctuation, and spelling. Send an electronic Microsoft Word document of the essay submission by email, along with this registration, and the publication agreement forms to:
